Our Schedule

Registration will begin at 7:40 am, immediately following this there will be a continental breakfast. The program will begin promptly at 8:00 am, lunch (we can accommodate most dietary requests) will be served after the morning lecture. This is the schedule for Friday and Saturday.

Program will end at 5:30 pm on Friday and Saturday - NOTE: due to the nature of this course, our target time to complete each clinical day is 5:30, however because all patients and circumstances are different, this could be earlier or later depending on the many variables in hands on demonstrations. We would advise to not plan dinner reservations (or Saturday flights) before 7:00 pm.

Please join us for a welcome cocktail reception immediately following course on Friday.

What to Wear

Business casual attire. We know it is impossible to meet everyone's need for temperature regulation. Please dress comfortably for our sessions, bringing layers of clothing, which will allow you to control your own comfort level. Average weather in Philadelphia in November is 56 degrees for a high and the 42 degrees for a low.

What to Bring

All materials will be provided. No need for lab coat or loupes. Smart phones work well if you want to take photos.
